### **Wyoming's libraries highlighted on Snapshot Day**

On Tuesday, Oct. 9, the state's libraries will host Wyoming Snapshot Day 2018, an event highlighting the importance of libraries to the state. Libraries will collect photos, videos, and comments that show their importance to their communities every day of the year.

"Wyoming residents love their libraries," said Susan Mark, Wyoming State Library publications specialist. "Our public libraries alone get about three and a half million visits a year. Snapshot Day celebrates what happens out there every single day when people walk through those doors. Libraries really do transform lives, and on Snapshot Day we see the comments and photos to prove it."

Wyoming residents may participate in Snapshot Day by visiting their local library and providing their comments or being part of a photo or video. More information on the event and a list of participating libraries may be found at <http://wyomingsnapshot.weebly.com/>.

Wyoming Snapshot Day is a project of the Wyoming State Library and the Wyoming Library Association. For more information, contact Susan Mark, WSL publications specialist at 307-777-5915 or [susan.mark@wyo.gov](mailto:susan.mark@wyo.gov).
